

Finding the Abbot's Kitchen

Enter the Inorganic Chemistry Laboratory courtyard from South Parks Road through the archway [1].

Go into the main reception through the door to your right [2].

Go up the flight of stairs straight ahead of you [3].

Once you reach the first floor turn right and follow the corridor to the first left-hand corner [4].

Follow this corridor (through two doors) into the teaching lab, then continue straight ahead [5].

The Abbot's Kitchen is signposted through a door (almost) straight ahead. Follow signs to the Abbot's Kitchen [6].

Volunteers should be available before the start of the meeting to direct you.
